

PRODUCT SPECIFICATIONS

REUSABLE PIZZA BOX

Round Reusable Box in Food-Grade Plastic (HDPE) is designed for pizzas and pastries

Main Features

Suitable for intensive reuse,
resistant to wear and impacts.

Suitable for food contact¹⁾ :
food safety certificate available

Easy to clean, dishwasher
compatible

Guaranteed odorless

Made in Europe

Handling

Simple and quick opening by
rotating each side in the
opposite direction

Stackable with stabilizing pegs
on the lid for secure stacking.

Nested for minimal space
usage

Interchangeable sides to mix
colors or replace a lost side,
promoting eco-responsible use

Practical Aspects

Multiple ventilations around the
entire box and a ridged bottom
to drain condensation and keep
the pastry crisp in case of hot
contents

Usable across a wide
temperature range: -40°C to
+90°C

100% recyclable
